

## CONTENTS

- Macfarlan D.A.B. – *Early Jurassic terebratulide brachiopods from Zealandia*
- Bitner M.A. – *Recent brachiopods from the Tonga Islands, SW Pacific: taxonomy and biogeography*
- Wu H.T., Zhang Y. & Sun Y.-l. – *A mixed Permian-Triassic boundary brachiopod fauna from Guizhou Province, South China*
- Taddei Ruggiero E., Serio C. & Raia P. – *On the validity of Terebratula sinuosa (Brocchi)*
- Jin J., Mikulic D. & Kluessendorf J. – *Virgianid brachiopods of the Michigan Basin, and its implications for post-extinction diversification of the Silurian pentameride fauna in Laurentia*
- Lavié f.J., Serra F. & Feltes N.A. – *Linguliform microbrachiopods from Las Aguaditas and Las Chacritas formations (Middle-Upper Ordovician) of Argentine Precordillera*
- Harper E.M., Lamare M.D. & Lee D.E. – *Patterns of unrepaired shell damage in Recent brachiopods from Fiordland (New Zealand)*
- Stadtmauer D. & Butts S. – *Paleoecology and functional morphology of the Permian lyttoniid brachiopod Pirgulia*
- Yuan Z., Sun Y., Shen B., Xing C., Liu W., Yang R., Qin S. & Baliński A. – *An in situ preserved Early Carboniferous (Serpukhovian) brachiopod community in Southern Guizhou, China*
- Vörös A., Kocsis Á.T. & Pálffy J. – *Mass extinctions and clade extinctions in the history of brachiopods: brief review and a post-Paleozoic case study*
- Zhang Y.-C., Zhan R.-B., Sproat C.S. & Huang B. – *Late Ordovician brachiopod Rongatrypa xichuanensis from Xichuan, Henan Province, Central China*
- Jansen U. – *Pragian-Emsian brachiopods from the Rhenish Massif (Germany): new data on evolution and biostratigraphy*
- Leone F. & Benedetto J.l. – *Phylogenetic relationships of the Silurian Afro-South American brachiopods Anabaia, Harringtonina and Clarkeia: new insights from their ontogeny*
- Brand U., Bitner M.A., Logan A., Azmy K., Crippa G., Angiolini l., Colin P., Griesshaber E., Harper E.M., Taddei Ruggiero e. & Häussermann V. – *Brachiopod-based oxygen-isotope thermometer: update and review*
- Mottequin B. & Cisterna G.A. – *Comments on some Syringothyridoidea (Brachiopoda) from the Carboniferous of North Africa*
- Cisterna G.A., Sterren A.F., Shi G.R, Halpern K. & Balseiro D. – *Brachiopod assemblages of the Eurydesma Fauna in glacial-deglacial sequences from Argentina and Australia*
