

## CONTENTS

- Schlagintweit F., Omidvar M., Safari A., Yazdi-moghadam M. & Rashidi K. – Dasycladales (green algae) and some benthic foraminifera from the Upper Cretaceous Ilam Formation (late Coniacian–Santonian), SW Iran (onshore and offshore)
- Scholze F. & Marchetti L. – Lower Permian conchostracans (clam shrimps) from sedimentary units of the Athesian Volcanic Group (Southern Alps, N-Italy)
- Stefanelli D., Sorbelli L., Mecozzi B., Maiorano P., Marino M. & Sardella R. – the Bison sample from the Early Middle Pleistocene site of Contrada Monticelli (Apulia, southern Italy)
- Harper D.A.T., La Turner M., Donovan S.K. & Portell R.W. – Asymmetry in Thecidellina (Brachiopoda) from the Pliocene-Pleistocene of Curaçao, Netherlands Antilles: phenotypic not genotypic
- Piñero P., Agustí J., Blain H.-A., Alba D.M., Furió M., Angelone C., Linares-martín A., Marquina-blasco R., Laborda-lópez C., Arasa-tuliesa A. & Casanovas-vilar I. – The vertebrate fauna of the Lower Pliocene continental deposits in the Ebro Delta (Baix Ebre Basin, NE Spain)
- Mironenko A., Giusberti L., Serafini G., Zorzin R. & Bannikov A.F. – The first Cenozoic octopod: a Lower Eocene record from Bolca, northeastern Italy
- Sremac J., Velić J., Bošnjak M., Velić I., Bakrač K., šimičević A., Malvić T. & Fotović D. – Genesis of the Upper Pleistocene gravel from the Abesinija pit SE from Zagreb (Croatia)
- Pilade f., Lozar F., Dela Pierre F., Zanella E., Mancini A.M., Natalicchio M., Marchisio M. & Gennari R. – The demise of the Messinian salinity crisis and the beginning of the Zanclean in the northern Mediterranean basin: insight from high-resolution biomagnetostratigraphy (Pollenzo section, NW Italy)
- Atakul-Özdemir A., Türkmenoğlu A.G., Göncüoğlu M.C., Bozkaya Ö. & Okuyucu C. – Conodont biostratigraphy of Upper Devonian tephra bearing deposits in the İstanbul-Zonguldak Terrane, Nw Turkey: insights on the Kellwasser Events
- Schwarzhan W.W. & Carnevale G. – Fish otoliths from the upper Oligocene and Lower Miocene of the Monferrato and Turin Hill, northern Italy
- Balini m., Lăcătuș A., Grădinaru E. & Lazăr I. – Aegean ammonoids from the Anisian (Middle Triassic) GSSP candidate section Deșli Caira (Northern Dobrogea, Romania)
